MUHAMMED FAYIS C

Frontend Developer (Angular)

Kerala, India | +91 9562481604 | fayischonari2904@gmail.com | linkedin.com/in/fayis-chonari-54ab83224

PROFESSIONAL SUMMARY

Frontend Developer with 3+ years of experience building scalable, responsive, and high-performance enterprise web applications using Angular, TypeScript, and RxJS. Skilled in reusable component architecture with Angular Material, REST API integration, state management with reactive patterns, and application performance optimization (up to 30% faster load times). Proven track record delivering client-facing products in Agile teams; recognized with a company-wide Q1 Performance Award. Seeking a Senior Frontend / Angular Developer role to drive scalable UI architecture and mentor within a growing engineering team.

TECHNICAL SKILLS

Languages & Core: JavaScript (ES6+), TypeScript, HTML5, CSS3, SCSS

Frameworks / Libraries: Angular, RxJS, Angular Material, TailwindCSS

Angular Ecosystem: Angular CLI, Reactive Forms, HTTP Interceptors, Lazy Loading, Component-Based Architecture

API & Integration: RESTful API Integration, Postman

Tools & Platforms: Git, Azure DevOps, Jira, VS Code, Figma

AI-Assisted Development: GitHub Copilot, Cursor, ChatGPT

Practices: Agile/Scrum, Code Reviews, Performance Optimization, Cross-Functional Collaboration

PROFESSIONAL EXPERIENCE

Software Engineer | Techversant Infotech Pvt Ltd *Jan 2023 – Present*

- Built and maintained responsive, dynamic web applications with Angular and TypeScript in an Agile environment, directly improving user engagement and streamlining core workflows.
- Designed reusable UI components using Angular Material, improving code maintainability and cutting development time by 20% across projects.
- Partnered with backend engineers to integrate and optimize RESTful APIs, improving data flow reliability across multiple production applications.
- Led code reviews and enforced best practices, improving performance and scalability; managed async data streams and state with RxJS for smooth UX.
- Received the Q1 2024 Award from Techversant Infotech for exceptional performance and contribution to team goals.

KEY PROJECTS

GS1 CCA — Certification & Compliance Management Platform — *Angular, TypeScript, RxJS, Angular Material*

- Built a full-featured web application for managing certification and compliance workflows end-to-end.
- Engineered reusable, dynamic Angular Material components, improving UX consistency and reducing development time.
- Integrated secure REST APIs for real-time processing/reporting and third-party libraries (e.g., FileSaver.js); achieved a 30% faster load time via efficient state management and lazy loading.

Zoftconnect — HR & Company Management System — *Angular, TypeScript, RxJS, Angular Material*

- Delivered a comprehensive HR platform covering employee lifecycle, attendance, leave, and payroll management.
- Built reusable, responsive UI components used across multiple modules, improving consistency and development efficiency.
- Integrated secure REST APIs for real-time data sync and workflow automation; implemented role-based access, dynamic forms, and interactive dashboards for multiple user roles.

GS1 ALM & GS1 SCF — Application Lifecycle & Supply Chain Platforms — *Angular, TypeScript, RxJS*

- Led development of an ALM tool with modular, role-based-access components for seamless cross-team collaboration, and a supply chain automation platform using RxJS observables for real-time data flow and state handling.
- Partnered with UX designers on responsive, cross-browser interfaces, following Angular/TypeScript best practices for long-term scalability.

EDUCATION

Bachelor of Science in Computer Science — EMEA College of Arts and Science, Kondotty | 2019 – 2022

ACHIEVEMENTS & LANGUAGES

Q1 2024 Performance Award — Techversant Infotech Pvt Ltd, for exceptional performance and contribution. **Languages:** English, Malayalam, Hindi, Arabic, Urdu
